

Probiotic Supreme DF™

15B CFU Probiotics

GASTROINTESTINAL HEALTH†

Probiotic Supreme DF™ provides a dairy-free, proprietary blend of eight probiotic strains to support gut microbiome health, microbial balance, and gastrointestinal (GI) function and motility.* Each convenient 1-caplet serving contains a clinically relevant amount of 15 billion colony-forming units (CFUs) divided among eight highly-researched microbial strains. Probiotics have been shown in research to support GI health and a healthy immune response.* They may also help support a healthy balance of intestinal flora.*

This formula features probiosphere technology, a method of delivery with viable probiotic organisms to ensure maximum protection against stomach acid. It also helps to deliver the 15 billion organisms in a caplet

for an extended time frame. Probiotic Supreme DF™ may be optimal for those requiring higher amounts of probiotic species to support intestinal health and function.*

Probiotic Supreme DF™ provides a proprietary dairy-free probiotic blend in a clinically relevant and useful serving of 300 mg (15 billion CFU) of *Bifidobacterium lactis* UABla-12, *Lactobacillus acidophilus* UALa-01, *L. casei* UALc-03, *L. rhamnosus* UALre-16, *L. salivarius* SD-5208, *B. breve* BB8, *B. longum* UABI-14, and *Streptococcus thermophilus* UAST-09. This formula is designed to help support GI microbial balance, gut motility, gut function, and immune health.*

Benefits*

- Supports a healthy gut microbial balance
- Promotes healthy gut motility and function
- Supports a normal immune response
- Promotes optimal GI health

Recommended Use

Take 1 caplet per day with a meal or as directed by your health-care practitioner.

Refrigeration is recommended and will ensure maximum potency and shelf life. Organism potency will decrease slowly; this process may be accelerated through exposure to heat, humidity, or direct sunlight. Viable organisms are used at the time of manufacture.

Highlights

- Synergistic combination of eight strains of *Lactobacillus*, *Bifidobacterium*, and *Streptococcus thermophilus* to promote GI health and gut microbial balance*
- Probiotic strain identification provided for transparency
- Offered in a caplet form with patented delivery system to ensure maximum potency and viability*
- Dairy-free option for those who are sensitive to dairy-based probiotics
- Gluten-free and soy-free
- Non-GMO
