

GI Revive®

GI Permeability Support*

GASTROINTESTINAL HEALTH*

GI Revive® is formulated with specific amino acids, botanical extracts, and minerals to offer comprehensive support for gastrointestinal (GI) health and function.* The gastrointestinal lining has unique functions and nutritional needs. It must be permeable or porous enough for nutritional absorption, yet also provide a barrier against toxins, allergens, and pathogenic microbes. GI Revive® features L-glutamine, an amino acid that provides structural and metabolic support for intestinal cells.* Zinc L-carnosine provides support for the health of the intestinal lining. N-acetyl-D-glucosamine supports a normal inflammatory response in the GI tract.*

GI Revive® also contains a botanical blend of deglycyrrhizinated licorice (DGL) extract, aloe vera, marshmallow, okra extract, and cat's claw that provides

support for healthy intestinal function by coating and soothing the intestinal lining, and these ingredients promote the body's natural gastrointestinal repair process.* Prune powder and citrus pectin support bowel regularity.* Methylsulfonylmethane (MSM) supports the structure, integrity, and permeability of the GI cell walls and a healthy inflammatory response.*

The powdered form of GI Revive® is sweetened with stevia leaf extract and can be mixed into any beverage or functional food powder. GI Revive® supports gastrointestinal tract health, a healthy inflammatory response, and healthy intestinal function and regularity.*

Benefits*

- Gastrointestinal tract health
- Healthy intestinal function and regularity
- Gut-associated immune function
- Healthy intestinal mucosal lining
- Healthy inflammatory response

Recommended Use

Powder: Mix 8 grams (approximately one scoop) in water or other liquid per day or as directed by your health-care practitioner.
