

# Sunshine™

Essential Vitamins D- and K-infused Cacao for Bone and Immune Support\*

Fx Chocolate® Sunshine is a synergistic blend of vitamin D and bioavailable forms of vitamin K infused in 60% dark chocolate specifically designed to help promote bone health, immune function, and a positive mental outlook.\* This formula combines 50 mcg (2,000 IU) of vitamin D3, 1 mg of vitamin K2, and 500 mcg of vitamin K1 per serving. Fx Sunshine may help balance the body's calcium needs while promoting bone strength and supporting immune health.\* Fx Sunshine may be beneficial for individuals who do not get adequate sunlight exposure and/or dietary sources of these important fat-soluble vitamins.\*

Fx Chocolate® contains zero grams of sugar and is sweetened with allulose, a sweetening agent that is found naturally in jackfruit, figs, and raisins, with no bitterness or unpleasant aftertaste. The chocolate supplement delivery system is a novel and convenient way to receive the benefits of bioactive ingredients found in nutrients and herbs, especially for individuals who are unable to swallow capsules or softgels.
