

Aller Pro Ultra

Aller Pro Ultra promotes a healthy upper respiratory tract through bioavailable herbal and antioxidant immune-supporting ingredients that help support healthy nasal and sinus cavities.* It helps support healthy levels of mucus in the nasal and sinus cavities.*

How Aller Pro Ultra Works

Deglycyrrhizinated licorice supports healthy mucus levels, thus supporting healthy respiratory function.*¹ It also has powerful properties that support healthy mucus levels in the lungs.*²

Quercetin is a flavonoid known for its antioxidant properties affecting healthy respiratory function and promoting healthy nasal and sinus cavities.*³ Like all flavonoids, quercetin works as an antioxidant by scavenging free radicals and supporting healthy oxidative stress.*⁴

Stinging nettle leaf is another ingredient rich in flavonoids and antioxidant properties that has been used in herbal treatments for centuries.* It helps support upper respiratory health by promoting healthy immune markers.*⁵

Bromelain is a crude extract from pineapple containing several proteases, enzymes that help us digest and absorb protein complexes, including antigenic compounds that enhance the absorption of quercetin.* The properties of bromelain support healthy mucus and nasal passages.*⁶

N-Acetyl-L-Cysteine (NAC) is an amino acid precursor to glutathione, a crucial antioxidant that affects every system in the body, especially the nervous, immune, and gastrointestinal systems. Glutathione and NAC work together to support healthy mucus levels, thus supporting a healthy airway and promoting a healthy upper respiratory tract.*⁷

Vitamin C is a powerful antioxidant micronutrient with immune-supporting properties that works synergistically with quercetin to encourage healthy immune, nasal, and sinus function.* Research suggests that supplementation with vitamin C supports respiratory health and immune function through the redox integrity of cells.*⁸

Aller Pro Ultra Supplementation

Aller Pro Ultra provides herbal and antioxidant support with research-backed ingredients to support healthy nasal and sinus cavities.* The bioavailable ingredients are available in a vegetarian capsule for maximum absorption and help with seasonal transitions.* Supplementation may also include these additional benefits:

- Support for healthy nasal and sinus cavities*
- Promotes healthy respiratory function*
- Support for healthy immune function*
- Support a healthy oxidative stress response*

Form: 60 Capsules

Serving Size: 1 Capsule

Ingredients	Amount	%DV
Vitamin C (as ascorbic acid)	150 mg	167%
Quercetin (as quercetin dihydrate)	200 mg	**
Stinging Nettle Powder (leaf; <i>Urtica dioica</i>)	200 mg	**
Deglycyrrhizinated Licorice Extract (root; <i>Glycyrrhiza glabra</i>)	75 mg	**
Bromelain (from pineapple) (2400 GDU/g)	50 mg	**
N-Acetyl-L-Cysteine	25 mg	**

Other Ingredients:

Hypromellose, vegetable magnesium stearate, silica.

Directions:

Loading phase: Take 2 capsules three times daily for 7-10 days. Acute: Take 2-3 capsules as needed. Maintenance: Take 1 capsule daily or as directed by your healthcare practitioner.

Caution: If you are pregnant, nursing, or taking medication, consult your healthcare practitioner before use. Keep out of reach of children.
